Oko

Pendant light

Open edition

Designed as a fragment of architecture hung from the ceiling, the Oko pendant takes its cue from the earthen buildings of the Sudano-Sahelian tradition. Its perforated Yundé wood structure filters the light and throws it down and across the surrounding walls. Part building, part light source, it sits between inherited form and contemporary use.

Material: Yundé wood

Finish: Matt varnish

Dimensions: 26 × 23 × 23 cm

Socket: E27

Year: 2023

Production time: 4 to 6 weeks

Open edition
